2 Important Tips:

-Most mortuaries insist you buy their casket to take advantage of their “package price” we’ve calculated the cost of a full service funeral if you were to buy each item individually (itemized). **Discovery:** the perceived savings for a package deal is only around \$250.00. Choosing to itemize and buying a less expensive casket will save a person more money in the long run.

-Don’t necessarily go to the mortuary closest to your house: Funeral directors don’t mind distance. You won’t notice any experiential difference between a distant funeral home and a close one unless you need to use their facility for viewing and/or funeral.

A Full Itemized Funeral in this survey includes: the non-declinable fee, transfer of remains, embalming, other prep (which is hair, makeup, dressing, casketing), 1 hr viewing followed immediately by a funeral service, graveside/committal service, and a funeral coach vehicle.

A full-itemized package above does not include:

Hearse (Would you pay \$175 for a ride across town? Most caskets fit in any van with seat removed or truck), **Obituary, Flowers, Burial clothing, longer viewing** or visitation, **Extra certified copies** of death certificate, **M.E. permit** if burying out of state.

You must Add a Casket & any Cemetery fees (add \$1-3K+): plot, vault or grave liner, graveside chairs, awning, fake grass, opening/closing, grave marker, and other things not specifically listed.

Direct Cremation Package here includes **paperwork, permits, a casket** (particle board or cardboard), the actual **cremation**, and a **box for the double-bagged ashes** (called “temporary container” in the vernacular of the funeral biz).

A memorial service *held after* cremation is simplest to arrange without a funeral director.

A funeral service *followed by* a direct cremation can be accomplished easily as well.

Forwarding of Remains: If you want embalming, this is an economical way to purchase **(1) retrieval of the body (2) death certificate (3) burial transit/M.E. permit (4) embalming**. Then the Funeral Home can turn the body over to the family to: hold meetings, ceremony & delivery the deceased to location of final disposition (aka crematory or cemetery)

See how many things families can do themselves:

**Things not usually needed in red
and**

Things family can do themselves in blue

- Procurring paperwork,
- Embalming
- Body prep (bathing, dressing or other custom)
- Hearse
- A van or truck to transport casket
- Directing people and casket during gathering
- Obituary (a free death notice can be published)
- Video or Audio recording of ceremony,
- Transporting flowers to chapel and graveside
- Lowering casket into grave (depends on cemetery).
