Some mortuaries require you buy their casket to take advantage of their "package price". That's why <u>Funeral Consumers Alliance of Utah</u> has calculated the cost of a full service funeral if you were to buy each item individually (itemized) EXCEPT their utility van.

\*Our itemization does not include a utility van because we think you can move your own flowers and the mortuary charges elsewhere for running errands and removal of body.

**Our Itemized Package** in this survey ONLY <u>includes</u>: the non-declinable fee, transfer of remains, embalming, other prep (which is hair, makeup, dressing, casketing), 1 hr viewing followed immediately by a funeral service (not at mortuary), graveside/committal service, and a funeral coach/hearse). That is meant to standardize the survey and to only choose the minimum most people (without a support system) would buy.

**Nor** do any of the above packages include: Casket, Obituary, Flowers, Burial clothing, Longer viewing or visitation, Extra certified copies of death certificate, M.E. permit if burying out of state. **Nor Cemetery fees:** plan to add 3K+ for plot, opening/closing, grave marker, vault or grave liner (graveside chairs, awning, fake grass) and any other things not specifically listed.

Discovery: Just like hospitals, mortuaries blow up prices in order to allow for a discount in the end.

The perceived savings for their "package deal" is often around the cost of their cheapest casket (\$1500-2500).

Choosing to itemize (buying only what you really need) can save money and allow you a more intimate experience with your final farewell.

2) PLEASE don't necessarily go to the mortuary closest to your house:

There's no experiential difference between a funeral home 30 minutes away and the one around the corner, unless you need to use their facility for viewing and/or funeral.

**Direct Cremation Package** here <u>includes</u> paperwork, a casket (particle board or cardboard), a box for the ashes (called "temporary container" in the vernacular of the funeral biz), and the actual cremation.

A memorial service *held after* cremation is simplest to arrange without a funeral director.

A funeral service *followed by* a direct cremation can be accomplished easily as well, but requires support of family or friends..

**Forwarding of Remains:** If you want embalming, this is an economical way to purchase (1) retrieval of the body (2) death certificate (3) burial transit/M.E. permit (4) embalming. Then the Funeral Home can turn the body over to the family to: hold meetings, ceremony & delivery to final resting place on their own. **See how many things families can do themselves:** 

- -Procuring paperwork,
- -Embalming (FHs insist on this for open casket because how the body looks is their calling card/claim to fame)
- -Body prep (washing, dressing, casketing or other custom)
- -Hearse
- -A van or truck to transport casket
- -Directing people and casket during gathering
- -Obituary (a free death notice can be published)
- -Video or Audio recording of ceremony,
- -Transporting flowers to chapel and graveside
- -Lowering casket into grave (depends on cemetery).

Things not usually needed in red and

Things family can do themselves in blue

## To report any errors in our Mortuary Comparison Chart There is a way to contact Joyce on many pages of Funeral Consumers Alliance of Utah

If you want to improve your GPL to have your listing updated we are very happy to do that with you!

We also recommend FCA of Idaho
